Bean Bag Toss Tournament Rules

Rules for Players:

Each team has four (4) bags of the same color to toss each round.

Players must throw from behind the front of the box.

Teams alternate tosses each round starting with the last team to score.

How to Score:

Points are scored when a player has a bag on the board or in the hole.

Bags that land and stay on the board are worth one (1) point.

Bounce on's count.

Bags that go through the hole are worth three (3) points.

Points cancel each other out. Example:

- Team one has 2 bags on the board and 1 in the hole for a total of 5 points. Team two has 3 bags on the board and none in the hole for a total of 3 points.

- Team one would get 2 points for that round (the difference of team one's 5 points and team two's 3 points).

The first team to 21 wins (a team does not have to hit 21 exactly)

A team can win by a skunk which is 11 - 0

Good luck and enjoy the tournament and the beautiful Iowa Great Lakes!
